Letter No. H.A. 6-28/30-31 dated 4-11-1933 from the Superintenden Civil Veterinary Department, Bangalore to the Director of Agriculture, in Mysore, Bangalore.

Construction of the New Veterinary Hospital at Bangalore.

I have the honor to state that Mr. R. P. Rangappa, Mandy Merchant, has very kindly consented to construct a draw well at his own cost for the New Veterinary Hospital under construction, and to supplement it with two water troughs, one within the premises of the Hospital for the use of the Institution and the other outside, just adjacent to the compound, for the use of the animals passing by. The generous offer made by the donor just at present has been doubly useful, as the supply of water for the buildings under construction is at present insufficient as it has to be carried from the Binny Mills Tank which rather far from the site. I therefore request you to kindly obtain very early acceptance of Government for the generous offer made by the gentleman and to kindly thank him for the same. As it is very necessary to complete the construction of the well as early as possible, I have requested the donor to start the work in anticipation of approval. Sanction may also be kindly obtained for putting up tablets on the parapet wall of the well as also on the water troughs as " Mr. Rangappa's Charity" " ರಂಗಪ್ಪನವರ ದತ್ತಿ "
